**IT'S CONFIRMATION/FIRST COMMUNION TIME!** With Confirmation and First Communion schedules pushed back due to COVID-19, please review my requests for submissions: As in the past, I'm happy to run photos of your groups in The Register. I want to refresh your memory on the specific information I need.

When submitting a photo, please be sure you are sending the highest resolution/size possible! Check your email program. Sometimes it will send a "web sized" photo - this is too small for the newspaper. Often there is a box to check for "send full size photo" or "send large photo" — please be sure it is selected. If someone has forwarded a small photo to you from a smartphone, I need to be in contact with the original person who sent the photo.

I need the following information with every photo in order to run it in The Register:

- Parish name/city
- What the event was (1st communion, confirmation, etc.)
- **DATE** of the event
- Name of **ALL** people in the photo. The following format is best:  
    First row (left to right): Jane Smith, Bob Brown, Carrie Linneburger, Father Jack Smith  
    Second row (left to right): Jack Green, Suzie Quinn, Arnold Hund  
    Third row (left to right): John Jones, Ann Lyon, Cassie Hays

Lastly, here is a quick rundown of the deadlines for the upcoming issues:

With one paper per month, pages are filling QUICKLY! Please send photos along as expediently as possible!

Publication Date	Due date
August 28	Mon. Aug 3
September 25	Mon. August 31
October 23	Mon. September 28

Photos & information may be emailed to: [newspaper1@salinadiocese.org](mailto:newspaper1@salinadiocese.org)

**U.S. CENSUS:** In the June 26 edition of The Register, you will notice several stories about the census. Here are a few highlights:

- The U.S. Census is required by law (U.S. Constitution, Article 1, Section 2) and has been conducted every 10 years since 1790.
- Every uncounted person costs the state of Kansas approximately \$2,082 in federal funding.
- If 1 percent of the Kansas population is uncounted in the 2020 Census, the state of Kansas could miss receiving nearly \$604 million in federal funding over a 10-year period.
- Businesses and government agencies consider population trends when choosing places to locate, which in turn boosts economic growth.
- Under current federal law, the bureau cannot share census responses identifying individuals with the public or other federal agencies, including immigration authorities and other law enforcement, until 72 years after the information is collected.

## **PROPAGATION OF THE FAITH**

**MISSION APPEALS:** During this unusual year for Mission Cooperative appeals, we are grateful for your efforts to coordinate with mission groups for an appeal either by a mission representative or by the pastor (using materials provided by the mission group.) We hope that this year's mission appeals can be finished no later than September 5-6, 2020 (due to the rescheduling of collections for the Holy Land on Sept. 13 and Peter's Pence on Oct. 4 and to avoid confusion with the annual World Mission Sunday collection on Oct. 18). Just a friendly reminder—if the pastor is making the mission cooperative appeal using mission group materials, please inform the Propagation of the Faith office of that schedule.

## **OFFICE OF RURAL LIFE**

**CLAY CENTER:** On Sunday, Aug. 16, the Salina Diocese Catholic Rural Life Commission will sponsor the annual Catholic Rural Life Day, starting at 3 P.M. at SS Peter and Paul Parish in Clay Center.

The highlight of the observance is the presentation of the Msgr. John George Weber Century Farm Awards. Any Catholic family who has overseen a farm, owned, or operated a farm for 100 years or more is eligible for the award.

The 2020 awards are primarily for the parishes in the East Deanery, however, any Catholic family in the diocese who meets the criteria for the Century Farm Award may apply.

The award ceremony will be followed by refreshments and socializing.

The stories of the families for the Century Farm Award reflect the growth of the faith and the Church in the diocese. The family story affects and reflects the story of their local parish as well.

The Rural Life Commission serves the mission of the Church by promoting the care of God's creation and the welfare of the people who depend on it.

**OFFICE OF DEVELOPMENT**

**BISHOP'S ANNUAL APPEAL**

Thank you for all you have done to promote the Bishop's Annual Appeal – Call to Share. The generosity of individuals in our diocese continues. We have received over \$1.5 million in Call to Share gifts. These gifts fund seminarian education, priests' retirement and clergy health, evangelization and ministry as well as education.

There will be several more opportunities for giving:

Later this summer, as Mass attendance increases, we will conduct the postponed **in-pew solicitation**. (Hang onto those materials we sent you back in February and watch your emails for details.)

Late summer, we will send a letter to all households who gave last year, but not yet this year (**LYBUNT.**)

All of us have been blessed with this generosity and the results make it possible for the diocese to serve our people and parishes.

If you have any questions contact Beth, Melanie or Lois at 785-827-8746. Emails are: [beth.shearer@salinadiocese.org](mailto:beth.shearer@salinadiocese.org) or [melanie.melander@salinadiocese.org](mailto:melanie.melander@salinadiocese.org) or [lois.yost@salinadiocese.org](mailto:lois.yost@salinadiocese.org).

**ANNUAL GIFT AND EVENT MANAGER:** We are delighted to report that Katie Greenwood will be joining our office on July 1. In this role she will assume responsibility for the Bishop's Annual Appeal, Seminarian event, Seminarian collection and #iGiveCatholic. Please make her feel welcome. Katie is excited to begin a career in development.

**SEMINARIANS IN THE DEVELOPMENT OFFICE:** This summer, three of our seminarians are working mornings in the development office. We have been thrilled to work alongside Luke Friess, Brady Hutchison and Adam Zarybnicky. Luke is working on grant reports due to Catholic Extension; Adam is working on the Seminarian collection and Brady is helping with the Seminarian dinner. It has been fun getting to know these young men.

**SEMINARIAN COLLECTION AND SEMINARIAN DINNER:** The **annual seminarian collection** was moved this year to August 8 and 9. Envelopes for this collection should be in the envelope boxes received by each parishioner. The Development and Communications offices are working on plans to promote this event across the diocese.

The annual **Seminarian Recognition Dinner** will be Thursday, August 13 at the Salina Country Club. (Note the location change from what was earlier announced.) The evening starts with a social at 5:30 P.M. followed by Vespers and dinner. Invitations will be mailed the first of July and online registrations can also be made on the diocesan website after July 1. The dinner is \$60 per person. Seating at this event will be limited to the first 200 who respond. This is a solid number and extras will not be accommodated. This has become a popular event and we need to be sure we do not overcrowd the room.

This is our opportunity as clergy and lay people to recognize and honor those men in our diocese who are currently discerning God's call to Priestly vocations. This is a fun and inspiring event. Consider inviting your parishioners or perhaps host a table of men who have shown interest in seminary. If you have any questions, contact Katherine Greenwood or Lois Yost at 785-827-8746 – or email [katherine.greenwood@salinadiocese.org](mailto:katherine.greenwood@salinadiocese.org).

**#iGiveCatholic:** Planning and preparations have begun for #iGiveCatholic. This is an online giving day celebrated annually on the Tuesday after Thanksgiving, Black Friday and Cyber Monday. It kicks off the charitable giving season and brings the Catholic community together to give thanks and give back. The giving day is December 1 and advance giving starts on November 16.

Every parish, school, and Catholic ministry in our diocese will be invited to participate. Watch your emails this summer for more information and an invitation to join us. Registration opens August 17 and closes October 31. One big difference this year – you will need to sign up to participate. Last year, diocesan organizations were automatically entered into the system. This year, those who do not sign up will not have a page.

If your email has changed, contact Katie Greenwood to update it so you receive the important participation package – [katherine.greenwood@salinadiocese.org](mailto:katherine.greenwood@salinadiocese.org)

**SAFE ENVIRONMENT NEWSLETTER:** Please continue to use The Shepherd newsletter to stay current with information from the diocese, as well as using it as another resource as you continue to provide safe environments to the children and youth in the Diocese of Salina.

**ATTENTION SAFETY COORDINATORS:** The month of July will go fast and soon you will be preparing for yet another school year, (*however that may look*). In the next couple of weeks, please sign into CMG and go to your dashboard. There you will see “Certification Expiring within the next 60 days and Background Check Expiring within the next 60 days.” Please check to see if any of your employees or volunteers are listed. If they will be volunteering or are employed at your parish or school, please contact them so they can update their training/background check. Normally, once completed their certification is valid for 5 years. If they do not renew their training and background check prior to their expiration date, they are not allowed to minister with minors in your parish until they have completed the training. As a reminder **you** will need to provide them with their username and password. Please do not have users create new accounts as we want to track all their trainings from their original account.

**SAFE ENVIRONMENT NEWSLETTER INFORMATION PACKET** – The Safe Environment newsletter information packets will be mailed and/or emailed in August. Included in the newsletter packet will be all the forms each parish and/or school is required to complete and return to the Safe Environment Office here at the Chancery. In addition to the safe environment newsletter packet, you will also be receiving your own personal revised and updated hard copy of Section IV-Safe Environment Program (of the blue diocesan handbook). If you do not receive either of these by August 30, please contact the Safe Environment Office 785-827-8746.

# Live the truth and beauty of God's plan for married love!

*Creation overflows with God's life and love! Make no mistake about it—God made you and our world out of His great love! Let's consider how this truth includes marriage. And let's take a look at how the methods of Natural Family Planning (NFP) honor the truth and beauty of God's plan for married love.*

## ***It's about love.***

From the beginning, God created Adam and then a suitable partner for him, Eve. The first human relationship ever created was that of marriage! "This one, at last, is bone of my bones and flesh of my flesh" (Gen. 2: 23). The two give themselves to each other to become one. Giving of one's self to the other is a hallmark of marriage—there is no "I" in marriage, but "We." It is part of God's plan for the good of humanity. That is because marriage reflects the love of God—permanent, faithful, and fruitful. And, with the coming of our salvation in Jesus, marriage reflects the love of Christ for His Church.

The methods of NFP honor and even have the potential to protect and strengthen a married couple's ability to reflect God's love. That is because NFP requires communication and cooperation between husband and wife. NFP methods, which are rooted in science, make use of education and behavioral change for achieving and avoiding pregnancy. When learned and used correctly, they are an effective means of responsible parenthood.

As a couple learns about their combined gift of fertility and understands the best time to either conceive or postpone conceiving a baby, they are better able to discern God's plan for their marriage. If delaying a pregnancy, they will abstain from the marital act. They then will do nothing to harm God's gift of fertility. The use of NFP often requires self-sacrifice as the spouses explore other ways to show affection for each other when periodically abstaining to postpone pregnancy. As they work together, a husband and wife will find that this may deepen their emotional and spiritual intimacy as spouses.

## ***It's about life.***

God created men and women in His image—male and female. Human sexuality is part of God's plan. It is woven into the fabric of each man and woman. Human sexuality carries within it the two-fold powers of love and life. The essential nature of this two-fold truth should be appreciated and respected.

In marriage, husband and wife deepen their love for one another through celebrating the truth of their sexual union. The marital embrace is a spousal gift with a two-fold purpose; to draw the spouses closer together, to be unitive and to be procreative, to be life-giving.

Procreation is the Lord God's awesome invitation and a sacred duty for husband and wife to share in His creative power! Sometimes a couple is unable to have children through no fault of their own. Their challenge is

to offer their marital love as a blessing in the community in service to others.

Marriage is the foundation to build families—children are “the supreme gift of marriage” (*Gaudium et spes*, no. 50), and marriage creates a secure home for children. God’s procreative invitation to husband and wife extends past pregnancy and calls parents to steward their children: to nurture them, to teach them to love God and neighbor.

The Church has always understood that God wants parents to be open to life and to care for their children. To be a parent is a life-long vocation! It is why the Church can say that married couples receive “a kind of consecration” in their marital duties (*Gaudium et spes*, no. 48).

NFP methods support God’s gift of procreation because they value new life. Unlike contraception, which exists to deny human fertility, NFP respects natural fertility. NFP education enables husband and wife to understand their window of fertility—when they are most likely to become pregnant—and therefore, can also be used to help them achieve a pregnancy besides postpone one. NFP respects God’s power of life. Contraception cannot do that!

### *It’s about freedom.*

Free will is one of God’s gifts to men and women. When God created humanity, He made the human person as a “rational” being—who can initiate, control, and decide how to act (see the *Catechism of the Catholic Church*, no. 1730). Freedom of conscience is a gift from God that allows each person to grow in maturity and to be able to love Him and neighbor freely. At the same time, the Catholic faith tells us that true freedom can only be found when we choose to love God. Freedom, therefore, is not the arbitrary ability to do whatever we’d like at any time.

True freedom is the ability to *recognize the good and do what is right*. If a person chooses to live a life in which he or she makes choices only thinking of his/her own happiness and fails to do the good to which God calls him or her, the person creates a type of prison for themselves (see *Catechism*, no. 1740). Doing what is right in life often requires personal sacrifice for a greater good than one’s own desire or pleasure. And, this good is liberating!

As applied to marriage, the decisions of spouses can either build up or tear down the heart of a marriage. How the spouses exercise their individual freedom within the marriage cannot be made in isolation but must be made in recognition of each other’s needs, that of their children, extended family, and other obligations and responsibilities outside the home.

Healthy marital communication is especially important regarding conjugal relations. Sin affects us all. It is deceptive. Sin can twist the good of the marital embrace.

Spouses can be selfish in how they treat each other. Wholesome inter-mutuality that is rooted in the love of God and each other strengthens a couple’s marriage. Spouses need to support each other in striving to honor God’s design by rejecting anything that can injure their marital love. It is the reason why the Church opposes contraception. It strikes at the heart of marital love.

The methods of NFP provide useful information on the woman’s fertility cycle. NFP helps a husband and wife determine whether their lovemaking may result in bringing a new life into the world. The practice of daily charting the wife’s signs of fertility can spark deep conversation about God’s plan for their marriage. The practice of NFP can promote mutual growth in self-mastery, foster emotional, and spiritual maturity, and lead to a more authentic life lived in the freedom of God’s design.

### *It’s about gift.*

God is love. In His great love, God created men and women in His image to share His divine life. When our first parents turned away from Him, God sought them. “For God so loved the world that He gave His only Son so that everyone who believes in Him might not perish but might have eternal life” (John 3:16).

Every human life is a gift from God, and, in turn, like our Heavenly Father, together we are gift to each other. We cannot fully discover who we are as persons “except through a sincere gift” of ourselves to each other (see *Gaudium et spes*, no. 24). Human beings are able to be fully human only when we reach out to our neighbor to form a network of loving relationships of life and love. We are all sons and daughters of the one family of God!

Marriage is a particularly unique gift from God. Marriage is not “the effect of chance or the product of evolution of unconscious natural forces; it is the wise institution of the Creator to realize in mankind His design of love (*Humanae vitae*, no. 8). God designed marriage to bring a man and a woman together in the one-flesh union that Scripture so eloquently teaches (Gen. 2:24). It is because of marriage that families come to be.

Today, we are fortunate to live in a time where human reproduction is well understood. The reliable methods of NFP stand upon solid research about male and female physiology. NFP science has confirmed the fertile signs of the woman’s menstrual cycle and marked the parameters of a man and a woman’s combined fertility, which creates the fertile window. NFP can be a moral means to either achieve or postpone a pregnancy. And, for women, NFP charting can provide insight into the health of her reproductive system. With so good a gift in our world, why not learn more about these healthy and ethical methods that support God’s plan for married love? Visit [uscbb.org/nfp](http://uscbb.org/nfp). And remember “live the truth and beauty of God’s plan for married love!”

## UPDATED SAFE ENVIRONMENT PROGRAM

by Wendy Backes-Safe Environment Program Coordinator

The updated Safe Environment Program (Section IV of the blue diocesan handbook) was sent out to all Priests, Principals, PLC's, and Deacons in the parishes and schools in Diocese of Salina. This new update included a revised policy reflecting the 2018 charter revisions from the USCCB. In addition, this update detailed two new third-party reporting systems; one for bishops in regard to the Policy for Response to Allegations of Abuse or Misconduct by Bishops, the other, a reporting system for standard cases. Both of these systems have new and distinct hotline numbers and websites for reporting suspected abuse. The Safe Environment Program also includes other documents to enhance and carry out our mission; promise to protect, pledge to heal. Please be sure to take note of all the changes in the program, and particularly, the up-to-date contact information on how to report abuse. **Safety Coordinators**, I will be emailing you a pdf of the update, and will be mailing hard copies with the Safe Environment Newsletter in August.

To create a safe environment for children is of greatest importance for the Church, and everyone in the Church is responsible for ensuring that this exists. Protecting God's Children: It's Everyone's Job

Any allegation of the abuse of a minor, may be reported to the Kansas Protection Report Center 800.922.5330 KBI Crime Hotline 800.572.7463 or ClergyAbuse@kbi.ks.gov The Diocese of Salina fully participates in all criminal investigations related to abuse perpetrated by a member of the clergy or other church official.

# CHANGES IN THE WORLD

by Wendy Backes- Safe Environment Program Coordinator

As we are faced with the many challenges in our world, especially in our own families during this global pandemic, let us too remember in our prayers, those victims and survivors of abuse, and also pray for those children who may not be safe in their own homes, as we continue to navigate through these difficult times.

*Oh Lord, send forth your spirit and renew the face of the earth.*

# NEW LOOK

by Wendy Backes- Safe Environment Program Coordinator

After 5 years with the same format, it was time to give The Shepherd newsletter a new look. Even though the newsletter looks different, the purpose is the same. It continues to be an aid in promoting what the diocese is doing to continue to create stronger safe environment programs in our parishes and schools, and assists in supporting and providing outreach to victims of abuse. Let The Shepherd newsletter be an avenue to connect and build relationships with leaders in your parish, school, and community as we continue to work together in creating for children the kind of environment Christ teaches about in his gospel.

Along with the new look of the newsletter, we have updated the name of the office. It is now called the Safe Environment Office. The updated name ties together our purpose as we are committed to maintaining safe environments for children to learn, pray and grow. The Safe Environment office is now under the direction of Kim Hoelting, the director of Human Resources. I will be working closely with Kim in regard to background checks for new employees in the diocese and will continue my other job duties as Safe Environment Program Coordinator. Additionally, the Diocesan Assistance Coordinator is now referred to as the Victim Assistance Coordinator (VAC). The role of the VAC (Maria Cheney), has been elevated. The VAC is the **first** person you should contact if you have any questions or concerns related to boundary violations, when and if you should report suspected child abuse, or if you just need someone safe to talk to.

**Should you need any further information, regarding any of the changes, please do not hesitate to contact us!**

# IDEAS FOR NURTURING AND PROTECTING CHILDREN DURING CRISIS

[www.childmind.org](http://www.childmind.org)

*As the coronavirus crisis pandemic continues, we are all struggling to keep our children healthy, safe and occupied, often juggling work responsibilities and obligations at the same time. We face stress, fear, anxiety and pressure. But, through all of this, we must still remain vigilant to the importance of keeping our children safe; at home (and for some, that might not be a safe place right now), in our churches, and in the community. As we continue to adapt to this difficult and unprecedented time, here are some suggestions for keeping children safe in our own homes.*

## Keep routines in place.

Setting and sticking to a regular schedule is key. Try to make sure kids still have some structure, like getting up and going to bed around the same time every day.

*Consistency and structure are calming during times of stress.*

## Be creative about new activities.

Incorporate new activities into your routine, like doing puzzles, having game night or a maybe a baking contest.

## Manage your own anxiety.

Keeping your own worries in check will help your whole family navigate this uncertainty a little more easily.

*For those moments when you do catch yourself feeling anxious and you are feeling overwhelmed, step away, take a break, go outside, take a deep breath, get a cup of coffee.*

## Stay in touch virtually.

Keep your support network strong, even when you are only able to call or text family and friends. Socializing plays an important role in regulating your mood and helping you stay grounded. And the same is true for your children.

*Let your children Skype or FaceTime Grandma, technology can help kids feel closer to relatives they can't see at the moment.*

## Keep kids in the loop- but keep it simple.

Talking to children in a clear responsible way about what is going on is the best way to help them understand. Keep in simple, there is no reason to volunteer information that might worry them.

## Limit consumption of news.

Staying informed is important, but it's a good idea to limit consumption of news and social media that has potential to feed your anxiety, and that of your children.

*Turn the TV off and mute or un-follow friends or coworkers who are prone to sharing panic-inducing posts.*

## Exercise.

Take a bike ride, go the park, take a family walk, go on a scavenger hunt.

## Accept and ask for help.

Not all families handle crisis in the same manner. It is okay to ask for help from a professional, neighbor or family member. We are in this together, and we want people and families to remain safe and healthy.

## Sometimes the path of least resistance is the right path.

Be reasonable and kind to yourself and to your children. You may need to relax some household rules for awhile. This is a unique situation in our lives, and trying to hold ourselves to pre-covid standards may not work right now.

## Make Plans.

In the face of events that are out of our control, it is important to be proactive about what you **can** control. Making plans helps to visualize the near future. Assign tasks to your children, ("you pick where we get *take out* tomorrow night"), making them feel a part of the plan can be reassuring to them.
