

November 2024

Hello all,

You will find here a few pages of the necrology that have been updated! Below is an explanation of what all has changed, so that you can update your necrology book. Starting in the upcoming year, we will no longer provide printed out copies of the updates. We ask that you or your parish secretary update your records on your own. To update your current necrology book, just print out the updated pages (located on our website) on a normal 8.5 x 11 piece of paper, cut in half and hole punch. Do not print double sided.

Please replace pages 1-9 of your book for 2024. We added deacons this year and needed to update some names/dates in the index. Additionally, please replace the following pages with the updated versions as follow:
